DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 01/28/2005 has been entered.

Allowable Subject Matter

2. Claims 1-11, 13-18, 21-22 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Regarding claims 1-11, 13-18, 21-22, the prior art of record fails to show or fairly suggest an apparatus for encoding realtime and non-realtime interactive program guide content comprising a realtime video portion and a non real time guide graphics portion as variously claimed, particularly having means for assigning a different packet identifier

to each guide graphics slice that is part of a different guide graphic and a common packet identifier to all common realtime video portion slices, and a slice combiner coupled to the realtime coupled to the realtime and nonrealtime encoders and the remultiplexer, for combining the slices of the encoded realtime video portion with the slices of the encoded non-realtime guide graphics portion in a predetermined order, wherein the remultiplexer is coupled to a retimestamp unit that provide timestamp to be applied to the transport packets in order to synchronize the video portion and non-real time guide graphic portion of the IPG.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
